Welcome to ... 4 star Accommodation

Pillowery Park was designed and built by Chris West in Higher Clovelly during 1999/2000 and is now run as a Bed & Breakfast by him and his wife Sylvia.

First Class Accommodation

Burscott is a quiet no through lane so that only the birds singing in the garden and fields will wake you in the morning!

The uninterrupted views of the countryside makes Pillowery Park the perfect setting for your stay in North Devon.

The quality decor and furnishings set this B&B in the top class. All rooms have tea and coffee making facilities, digital television and alarm clock/radio.

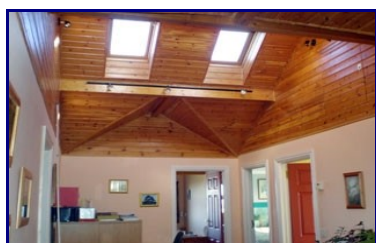

Set in a beautiful area

The picturesque village of Clovelly, with its cobbled flower-bedecked streets and lack of cars, is unique in England. It is world-renowned as a special place and unchanged for centuries.

Pillowery Park has superb countryside views and is located in Higher Clovelly. It is easy to access and has sufficient off-road parking for our guests.

Clovelly village is a short distance away and, at the bottom of the winding cobbled street, you will find the most picturesque of harbours.

Comfort - a top priority

Pillowery Park incorporates modern technologies to give our guests the most comfortable stay possible:

- High insulation levels
- Solar panels on the roof
- Underfloor heating
- Mains pressure showers with water saving heads
- Rainwater flushed toilets
- Environmentally friendly
